

Easy “Murdich Minnow” Gerry McDaniel

This fly can be tied in a variety of colors; white makes a nice shad or skipjack imitation. The size of the fly can be increased or decreased by varying hook size and the fiber length of the body material. There is a wide variety of flashy mylar fiber chenilles with fiber length from 1/4” to 2.5”

Hook: #4 Aberdeen (Eagle Claw 214) or other #4 2xl Hook

Tail: 2 pairs of matched white saddle feathers, tied curve inward

Tail Flash: Mix of Holographic, Pearl and Opal Flashabou

Body: Pearl Polar Chenille, palmered up hook

Throat: Red Crystal Flash

Eyes: 3/16” Molded eyes either glued on or set in UV curable adhesive.
