

White River Club Outing

Our August Club Outing at Canoe Country on the White River is officially **August 20-22** (Friday thru Sunday). Canoe Country is just north of Daleville, IN. We will have some people showing up on Wednesday and/or leaving on Monday. We will be camping in the same area as we have in the past years. It is first come first served on the camping spots. This is primitive camping. If you want electric bring your own source. There are rest rooms at the office. There are fire rings at most of the campsites. There will be a main Club campfire as the previous years. The Club is picking up the tab again for all of the campsites and for all the firewood, which the Owner Robbie will supply. The back entrance into our camping is complete at this time for easier access to our camping area. Most campsites are good size so bring your tents, pop-up campers, campers, or whatever you prefer to stay in.

We will be fishing the White River from the mouth of the river east of Muncie to Anderson. Target fish will be Smallmouth Bass. If you have never fished the White River we do have maps available of the sections from the mouth of the White River east of Muncie to the town of Anderson with access points. There are also some bluegill lakes such as Summit Lake which is close by.

Dan Brophy and Dennis Plank have volunteered to set up The Double D Rusty Hook Cafe again this year with some new hours. Menu is still to be determined. The TRFF Club is picking up the tab for these meals so keep your money in your pockets, no donations. Just make sure you thank the cooks

**With the above information it is very important that you contact me as soon as you know what days and meals you are planning on attending so Dan and Denny can try to get a head count for each of the meals so they can plan ahead and to purchase food and prepare.

*Make sure you contact me anytime of the day**.

I will be available to spot you up or down the river with your boats, kayaks, kick-boats, and float tubes. I can drive your vehicle to drop you off upstream and you can float back to camp, or you can put in at the camp site and float downstream where I can pick you up with your vehicle, or I can drop you off downstream and pick you up further downstream. I will be busy so don't wait until the last minute to contact me about spotting you. Other Club members will probably be available to help also. Maps of the River will be available, contact, Ron Dixon, Kevin Curtis, or me.

Contact People:

Ron Dixon (1-260-750-8337), Kevin Curtis (1-260-224-9108)
