

WKU Fly Fishing Montana

Sept 14-19: WKU Students & Community

Sept 20-25: Community (non-students). *This trip has a current maximum of 11 participants]*

Experience level: No prior fly-fishing experience is required. This program is designed to meet the needs of the complete beginner and 'experts' alike; whatever an expert is. All fishing will be from drift boats or rafts. Being able to cast a flyrod is certainly helpful, but not a requirement as on-the-river instruction is readily available. WKU has successfully offered this program **since 2012** to participants with a wide range of abilities (from no prior experience to being a fly-fishing guide).

Program description introduction: Join WKU and experience fly fishing on world-renowned waters which contain several trout species and other fish such as mountain whitefish, northern pikeminnow, and pike. Guides typically take participants on one or more of the following rivers: Blackfoot, Clark Fork, Bitterroot.

Join WKU in Missoula, Montana to fly fish world-renowned rivers.

No fly-fishing experience or equipment is needed.

4 days guided river trips & 5 nights lodging

For more information, visit wku.edu/flyfishing

What does the program include?

- 4 days of guided fly fishing and instruction (*float trips with one guide and 2 anglers per boat*)
- Use of fly-fishing equipment (*rod, reel, etc.*)
- Terminal tackle (*leader, tippet, flies*)
- Guide gratuity (*participants can tip additionally if desired*)
- 5 nights lodging at the Holiday Inn Downtown Missoula (*double occupancy*).
- Lunch on the river (*on the four fishing days*).
- Missoula airport hotel shuttle.

Not included:

- Transportation to/from Missoula, MT not included in program cost.
- Travel cancellation/interruption insurance. Highly recommended.
- Montana fishing license + associated fees (*conservation and aquatic invasion species*)
- Meals other than lunches on the four fishing days.
- See website and application for more details.
